Welcome

We would like to invite you to the Legacy of Liberty Hill -Robeth's Finest sale event on April 27 at 11am held at the farm in Rochester, Vermont.

Bob and Beth Kennett purchased Liberty Hill Farm in 1979 with 34 milking cows. Bob has been committed to the Holstein breed and their son David has continued that passion to raise the best Registered Holsteins on this farm. Bob and David have bred 150 Excellent cows with the pace getting increasingly faster. We have always enjoyed showing cattle at the local, county, state, New England , regional, and a few national events. We take great pride in bringing a group of cattle from the heart of our breeding program, showing off Atwood Avenue and Diamondback Drive.

This Legacy event is a culmination of 45 years of breeding the Pearl and Sophie families, resulting in Robeth Holsteins 30th Holstein Association PBR award from 1994 to 2023. The deep, rich roots of the Pearl family started with Prene 3E91 GMD traced directly back to the famous Dunloggin herd. We had the good fortune to receive six EX94 cows in one year. Realizing they don't last forever; we flushed them and have chosen to make maternal offspring from this great cow family available today!!! We have planned for the past year to make this select sale of our best breeding stock available to the purebred cattle enthusiast.

We hope you enjoy our event and make great purchases, study the pedigrees, and take great care of the next generation of our tremendous cow families. The sale will be a hybrid auction with live action here in the ring with Tim Abbott and Chris Hill, Dairy Alliance, and online sales with CowBuyer.com. There will be multiple food trucks and opportunities to enjoy your time celebrating great cows and our passion for excellence in the Registered Holstein community. The Kennett Family has shared their farm, their passion for dairy cows, and their hospitality for decades, providing a farmstay with lodging and meals to guests from across the country and around the world. We now offer farm tours to the public as well. Please visit our website at : www.libertyhillfarm.com for more information.

*With our gratitude for the opportunities to be part of the Dairy Community,
The Kennett Family: Bob, Beth, David, Asia, Ella, Cecilia, Leo and Henry*

Holstein Breeders,

It is with great pleasure that we present you with the Finest of Robeth. As Sales Managers there are sales that become very special and from the day we began talking to the Kennett Family, the Alliance has been excited about this event. Our business is built on a foundation of great people and great cows and this sale checks both of these boxes.

On day one of preparation for this sale the passion of the family came through. We literally got goosebumps when Bob told the story of buying Liberty Hill Farm. He and Beth were looking for a place to start their own farm and raise their family. They found this beautiful place in one of the most picturesque valleys in the country but decided they couldn't come up with the money to buy it. They were working with legendary Auctioneer and Real Estate man, Tom Whitaker of Brandon VT. Tom believed in the young couple and helped them come up with the money and they moved to this beautiful farm.

Through the years they have developed one of NE most popular bed and breakfast properties receiving guests from all over the world and many families have come for multiple generations. They see an operating "family farm" and stay in a beautiful location. The family has also gone above and beyond too help promote and grow agriculture in the state of Vermont. Their sons Dave and Tom both joined the operation once completing college and Dave worked with the cattle and Tom with the crops and land. Tom and his family have since started a successful equine and beef operation in Middlebury and Dave and his family remain at the farm with Bob and Beth.

They have spent time on milk marketing boards, Holstein Association committees and boards and have lead efforts through 4-H and youth activities to grow our industry. They have been great stewards of agriculture and the family farm.

More relevant to this sale is their passion for breeding Holstein cows. They have studied pedigrees back to the great herds in history and have learned from the stories of these great operations. They have bred one of the finest homebred herds you will ever see. Each mating is taken seriously and each animal has great hope of influencing their herd and now that opportunity is yours.

In our business there are multipliers and there are breeders. The Kennett family are true passionate breeders.

Tim and Chris

"Old Pearl"

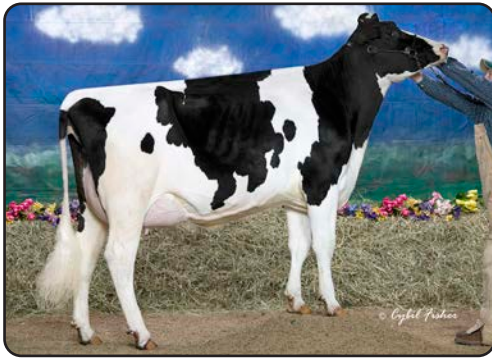

If it wasn't for the Horace Backus books, we would never have known!!! The invention of the internet allowed us to find the connection. Why, why was this cow family so strong willed and productive, all the while maintaining elite type far exceeding herd mates and purchased additions. Those long dairy heads, flared nostrils, high chine, deep ribbed square rump kind of cattle it appears have been in the cow family for years before now, generations before!! The kind of cattle that keep going lactations beyond the average not just months beyond the average..... cows that have heifer calves because that's what cow families are really built on at the end of the day! Nights spent googling cows before googling was a thing..... until the " Ah HA moment".....Dunloggin!!! That prefix is synonymous with legendary cattle and a legendary sale in 1943. Books were written with pages and pages of history breaking and making cattle!!!! Yes! The "why" was finally answered..... Our herd went direct to Dunloggin bloodlines. That's why Prene lived to 1 month shy of 16 years old, that's why Pearl was Doc Hunts favorite cow who lived to be 13 years old..... That's why this family has bred true for another 45 years! This herd has grazed the same grass for 1 year shy of 75 years!!!! One cow family has always stood out, with the cream rising to the top!!

Robeth Holsteins has earned 30 Years of PBR awards numerous production records. Robeth Holsteins is in the "Top ranked BAA herds" in New England and by Herd size in the country!! This herd predominately goes back to Prene 4E91 GMD, a cow purchased with the farm for a modest \$1000 in 1979. Today 61 direct descendants of Prene have gone EX, while a total of 111 EX carry the blood of "Old Pearl".

Today, the herd is on fire; barns are overflowing; cattle are scoring EX at a faster and faster pace!! The opportunity is yours to get into this cow family, we feel we have offered our best and the sky is the limit!!

Steve Webb

"Rosie"

Goals are important to have, small goals and big dreams. Rosie (VG-86) was the first cow to achieve an important milestone for the farm. The goal of longevity is not just the ability to stay in the barn for a long time but to also be productive and to produce offspring. Rosie did just that! She was the first cow in the herd to officially produce over 300,000 lbs. of milk in her lifetime, though Prene produced 299,000. If we had only realized Prene was that close!!! Rosie was a typical Bell daughter, milk flowed through her veins. She had dairy quality, fine bone, and was a smaller cow that was tough!!! Today we feel Rainfall is a great example of the Rosie family with a flare of Atwood Ave, she breeds easy and has that high style dairy quality. We have bred 2 other cows that produced over 300, 000 lbs., Robeth Inspiration Rachel (VG) and Robeth Airliner Wisdom (VG-88). Rosie, Rachel, and Wisdom along with 3 other cows that we developed have produced over 300,000 lbs., bringing a lot of pride and longevity to the herd helping us achieve our goals and dreams!

"Sophie"

The story of Sophie begins by chance, as an unregistered 4-year-old cow with a beautiful udder, however the papers had been misplaced. Bob was a busy guy as he ran to keep the farm going in the beginning of ownership of his own farm. This cow was a priority as she stood in the first stall in the middle row in the barn for all visitors to see. One day John Cornell came to the barn to visit while selling Blue Seal feeds. John quickly noticed the highly productive, great uddered cow in the end stall. After asking Bob about her he learned that there was a paperwork debacle and that she hadn't been registered yet, John quickly jumped into action and called his girlfriend, now wife Elene, who was working at the Holstein Association. Elene found the paperwork to get the cow registered and as they say the rest is history!!! Sophie would go on to score VG89 as a 7yr old cow then on to EX as an 11-year-old. She made 230,000 lifetime milk and was a Gold Medal Dam. And boy, do we ever thank John and Elene today. This cow family has the Pawnee Farm Arlinda Chief blood that makes them very productive. Robeth Mandel Winnie is a result of this great family!!

The story of Winnie started when I was away at college, so mom gets the credit for feeding Winnie as a calf! Robeth Mandel Winnie EX92 was the one calf that ignited my competitive spirit. She was an amazing calf with modern dairynes and a great cut with a sweeping rib. She won a lot of blue ribbons and Jr Championships to boot! Winnie was Nominated Jr All-American in 1998 and won the Milking Yearling class at the Grand National Jr show and Mid-East National in 1999.

My favorite story of showing Winnie was as a calf at our state show. My crew of Dane and Bryant, all showed her in Showmanship. That's right she went into 3 straight showmanship classes and won all three with a different kid on the halter each class.....Junior, Intermediate, Sr Showman..... I didn't quite think that one through. Along comes the Champion showman class..... in we went with 3 different calves and Judge Curtis Day had us caught!!! He had each of us lead Winnie one more time and determined that she led best for Bryant!! That wasn't the only Showmanship championship that Bryant and Winnie won that year!

Steve

Team Robeth

We wanted to include consignments in this event, as we wanted to make sure there was an opportunity for our friends to join in the celebration. Team Robeth Holsteins has become a fixture at our local show, Addison County Fair and Field Days. Each year the mixture of gals and guys change but the spirit of the team does not. The pride in which we exhibit our cattle in the best pastime activity of the summer each year is resounding! There is no "I" in this team, as we wash, feed, milk, and show the best of Robeth Holsteins each year. We would like to thank each and every one that has worked with this great herd every year for the past 45 years! The legacy of the people who have put their time, effort and passion into this herd through the years has made us all proud!

We are so honored to present you with The Legacy of Liberty Hill—Robeth's Finest!

Steve Webb

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
