

## Ohio Holstein Memorabilia Sale

The Ohio Holstein Association recently put in new flooring at their state office, and with some reorganization in their storage room some extra items need a new home.

We know there are those out there who like to collect or have interest in older breed items, both from Ohio and from a national stage, and we hope this reaches you!

There are a few volumes of the Type and Production Year Books and Herd Book records that are extras in our collection. Many of the volumes and catalogs offered are from the well-kept collection donated by Mr. L.M Cavenagh and his family. There are several older sale catalogs as well, some have writings by Mr. Cavenagh, but most are clean copies. A large collection of past Holstein World issues are available, as well as some Ohio State Show catalogs.
