For Your Information

Sale Order is Catalog Order,

beginning with the TYPE lots at 6 pm on Thursday!

Cattle Housing...

The World Classic 2025 cattle will be housed throughout the week in Row 1 of Pavilion 1. Your inspection is welcomed.

Cattle Release...

The sale management will assist you with trucking arrangements for your purchases. Please inform the clerks at the time of settlement if you desire assistance. After satisfactory settlement has been made, animals may be released Thursday night up until 12 midnight; proper loadout protocol is required and can be obtained by contacting Sandy Morris at the clerk's table or at 715-410-0919. Remaining animals will be released beginning Friday at 5:30 PM. All animals must be removed from the World Dairy Expo grounds by noon on Saturday, October 4, 2025.

Absentee Bidding...

If you are unable to attend the World Classic, feel free to contact the sale management or any member of the sales force. They will be happy to assist and represent you at the sale. Also, sale will be broadcast live via www.cowbuyer.com with real-time bidding to pre-approved buyers. See further Cowbuyer information in back of catalog.

Mortality Insurance...

Full mortality coverage for your World Classic purchases is available through the Paula Bovre Livestock Insurance Agency. Contact Paula at 920-960-0655 for the necessary application.

Terms, Live Animals...

The live animals, whether physically on the World Dairy Expo grounds or selling in absentia, will be subject to the terms and conditions listed in the back of the catalog. The terms are payment in full sale day, unless prior written arrangements have been made with the consignor and/or sale management. **Any animal selling in absentia** is guaranteed to be in good health and condition at time of sale, and is guaranteed to pass all necessary health tests to enter the state to which she is going. These tests will be performed at the seller's expense. Buyer should contact seller ASAP to arrange health testing and shipping. Any animal sold in absentia under 4 months of age may be housed at the seller's facility at no extra charge to buyer until 4 months of age, at buyer's request.

Terms, IVF Sessions...

Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, EITHER PARTY can choose to call the sale complete and refund will be issued. The seller will then remit to the buyer a refund on pro-rated price based on original sale price. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

There's Only One!

Now in our 36th year of managing the World Classic sale, we start to reflect on all things that are great in dairy! There is no better time of the year than when we all drive or fly to the World Dairy Expo with smiles on our faces as we see old friends and meet new ones! The World Dairy Expo venue brings all facets of dairy agriculture together, whether to see the greatest show cows in the world, trade show booths or informational meetings. There is always something for everyone, and we never take it for granted!

The World Classic sale once again encompasses a limited number of incredible consignments from both the show and genomic sides of the business. We select females that consignors are proud to offer, and give each new buyer the opportunity to improve their herd. Our sales history is rich in pride and this year, like each year, the “best of the best” are on display!

Come to the sale Thursday night in the Tanbark to enjoy a festive atmosphere and shared camaraderie. Contact a sales force member with questions about any lot! And make note that this year, fantastic Jersey, Ayrshire, Brown Swiss and Guernsey lots add to the colorful event! We are an innovative, world-wide sale, and we simply want to offer the best!

See you at the sale!

Tom & Sandy

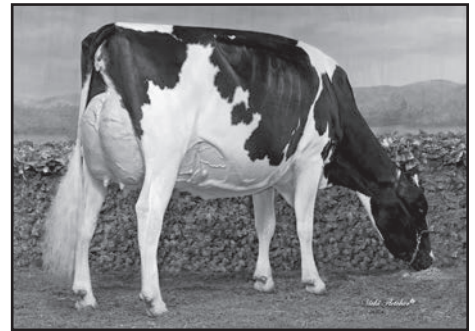

*We proudly present
a limited offering of the world's most sought-after dairy genetics.*

15 heifers sell as a group in absentia and are
housed at Larson Acres Inc, Evansville, WI.*

Heifers must be picked up by

October 17, 2025,

after which board of \$6/day/head applies.

THE LARSON FAMILY ~ World Dairy Expo's 2024 Dairy Producers of the Year!

Front: Mike, Ed, Barb & Sandy Larson. Back: Luke, Jim, Dane & Brooke Trustem

The Larson family of Evansville, Wisconsin has been farming in southern Wisconsin for nearly a century. Focusing on three key pillars – quality, pride and family – Larson Acres is truly a superior example of modern dairy farming. Milking 2,800 Holsteins in both a conventional double-20 parallel parlor and a cross-ventilated double-22 parallel parlor, the herd averages 112 pounds of energy corrected milk daily, with a 4.68% fat, 3.4% protein and 56,000 somatic cell count.

In addition to stellar production records, Larson Acres has bred 130 Excellent cows, 16 Gold Medal Dams, 40 Dams of Merit, four Gold Medal Sires and 16 regional and/or national Elite Performer Award recipients. The cows play a pivotal role at Larson Acres, but the people are just as important to the Larson family, who open their barn doors to welcome community members, industry leaders, fellow dairy producers, international guests, school children and more.

after which board of \$6/day/head applies.

WILRA DAIRY ~ Nashville, Illinois

Wilra Dairy & Grain Inc is a 5th-generation dairy and grain farm in southern Illinois. It is a 600-cow herd with a 32,000 lb herd average. There are about 15 bulls with the Wilra prefix going into AI each year. They were the 2023 NMP sustainability award winner.

All calves in this group have carried the Wilra prefix for 16-17 generations, tracing back to the first registered cow purchased in 1958.

THESE GROUPS provide golden opportunities to advance with genomics and point your program in a profitable direction!

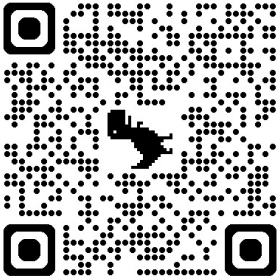

You can choose to flush the best of them for "generation next", and the others will add to your bottom line!

Contact any sales force member with questions or advice on how to jump-start your flush program with these special lots!

Hellenbrand Lasting Legacy Award

Mike & Linda
Hellenbrand

Feed your Passion | Grow your Potential
Showcase your Opportunity

MATTEA & BETA

An opportunity to expand the dairy experience of high school students with interest and experience in agriculture is what the **Hellenbrand Lasting Legacy Award (HLLA)** had in mind with its inauguration in 2021. This year's winner, **Mattea Quigley** from Hastings, Minnesota, is a high school senior and has a diverse agricultural background. She is active as a participant and leader in many 4-H and FFA activities, has experience showing sheep, goats and dairy heifers, is a community volunteer who loves fierce competition and always strives for improvement. She has aligned herself with 2 exceptional mentors, Tom Foss and Eric Houdek, from whom she has acquired knowledge and developed an interest in genetics, nutrition, dairy judging, and veterinary medicine.

Being the 2025 HLLA winner, **Mattea Quigley's** dreams of being a part of the dairy industry, networking amongst dairy leaders, making connections, and owning a dairy heifer are much closer to reality and keep the legacy and dreams of **Mike Hellenbrand** alive. Mike and his wife, Linda, left successful business careers in New York City to operate City Slickers Farm in Cross Plains, Wisconsin, where hard work, dedication and focus grew successful partnerships with well-known dairy cattle breeders throughout the country, brought Hillpoint Partners animals to the colored shavings, and **Mike Hellenbrand** to many years of leadership at World Dairy Expo before his passing in 2020.

As co-owner and consignor of Ms Beth's Alpha Beta-Red-ET, a Winter Calf out of the EX-94 Ms Ransom-Rail Beth-Red, with MilkSource Genetics, Ransom Rail and Laurie Fischer, **Mattea Quigley** has demonstrated exceptional showmanship skills while achieving great success with Beta in the show ring all summer.

The winner of the 2026 HLLA award will receive a calf donated by Vierra Dairy Farms of Hilmar, California.

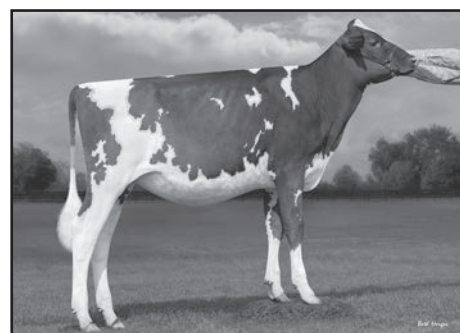

She will be a daughter from one of three previous World Dairy Expo Jersey Grand Champions:
Stoney Point Joel Bailey, Bri-Lin Valson Spritz, or Rivendale VIP Eloise.

**Applications for the 2026 award can be found at <https://hellenbrandlastinglegacy.com>
and submitted between October 1, 2025 and January 1, 2026.**

LIVE INTERNET BIDDING AT

www.cowbuyer.com

- View/bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyerlive.com
- High speed internet is required. Slower speed will not permit you to bid and keep pace in real time
- Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within five (5) days of sale date and prior to load out or delivery of cattle purchased.
- Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site, or connection and technology of the bidders.

For questions or information, contact:
Aaron Ray Tompkins: 336-363-4639 • atompkin@vt.edu

TERMS AND CONDITIONS OF SALE

TERMS: The terms are cash or check on sale day payable to Tom Morris Ltd, in U.S. funds unless other arrangements are made with the seller and management prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. Compliance with the above terms of payment on the part of the buyer will then entitle him to the guarantees offered by the seller and listed below.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder shall be the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot shall be again put up for advance bids, and if there is no advance bid, the animal or lot shall be sold to the person from whom the auctioneer on the stand accepted the last bid. In case two or more claim the bid, the auctioneer in the box shall indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid, and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited. Seller reserves the right to be a member of a buying partnership or syndicate. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

RISK: All animals, whether on site or sold in absentia, are at the purchaser's risk as soon as struck off. Those at the sale will be cared for free of charge until noon on Saturday, October 4th. Animals are solely at the seller's risk prior to selling in the event of fire or other eventuality.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. Other breed consignments will be transferred in the same manner with their respective breed organizations.

WARRANTIES:

1) Each seller warrants clear title to the animal or lot, and the right to sell same.

2) To the best of the seller's knowledge, each animal is sound and healthy in every respect, unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as it is known. Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty: The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

Should any female less than eighteen months old when sold, fail to become pregnant by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been examined or treated by a licensed veterinarian, the matter shall be reported in writing to the seller within three months of the stated limit. The seller shall then have the privilege of four months' time in which to prove the animal a breeder by service to a registered bull of its same breed before refunding the purchase price or making other settlement satisfactory to the buyer. Females bred when sold

and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed. The seller makes no warranty that pregnant heifers will deliver calves or that they will carry calves full term.

If, after the sale embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

4) Health tests completed for this sale will be disclosed. The results of any future health tests are not guaranteed. The seller and sale management hereby notify buyers that according to the State of Wisconsin ATCP Rule 10.21, all animals are sold as originating from a maximum risk paratuberculosis herd. The seller and sale management cannot be held liable. Any animal that is a member of a herd enrolled in an official state supervised Herd Status Program may be identified as such with status level shown.

5) Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, EITHER PARTY can choose to call the sale complete and refund will be issued. The seller will then remit to the buyer a refund on pro-rated price based on original sale price. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

SHIPPING: Assistance will be given in arranging shipping of animals after the sale. All costs, risks and responsibility will be borne by the buyer.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Information recorded on breed association pedigrees is used in this catalog. All records, except records in progress, are shown on crude protein scale. Donor dams are identified.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over material printed in this catalog. Neither the editors of the catalog, the sale management, nor the sellers can assume any responsibility for any errors or omissions in the catalog.

ACCIDENT: The sale management, the sellers, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The seller will represent and be responsible for his animal. In no case, however, will the seller be responsible for any damages beyond the selling price of the animal. Seller's responsibilities and warranties will cease when the animal is resold. Tom Morris Ltd., as sale manager, assumes no responsibility, acting only as an agent, but will endeavor to protect the interests of both buyer and seller.
