Welcome

It is with great pride that we present you with the catalog for Bright Futures 3. We are extremely excited about the lots in this catalog and thank the consignors for trusting us with their best genetics! Our first two sales have been a huge success. We have sold hundreds of embryos during the sale and the sale has generated other embryo sales for consignors both domestically and to international markets. Buyers of these embryos have consigned picks and future calves from the embryos they have purchased in the Bright Futures Sale and clearly shown that there is tremendous potential for return on investment from lots in this sale.

In the second sale, we decided to feature a herd that is doing great things in our business and working with the cows we admire. The Oakfield Corners Edition of Bright Futures was a great success. Bright Futures 3 features another great breeding establishment, Denier Genetics. Rich Denier has been an icon in the cattle breeding industry for years. From his roots on his California dairy, Cal-Denier Holsteins, he has had a huge impact on our industry and has been recognized with the highest honor in our business, the National Dairy Shrine Guest of Honor in 2016. Rich's career spanned over 3 decades and he led World Wide Sires into a position as the most powerful AI marketing business in the world, selling US genetics around the globe and helping countless number of dairy producers. Now that Rich is done his AI career, he has become passionate about breeding the finest cows in the world. He has invested in some of the finest cattle with deep pedigrees in the business and is aggressively making embryos from these cows. His heifer ranch in CA will be home to some of the best heifers in the world and we expect to see him receiving premier breeder banners of heifer shows in the near future. Rich has been a great supporter of the purebred industry and we are thrilled to make Denier Genetics the feature of our sale.

We believe this sale, BRIGHT FUTURES, is about creating opportunities, generating enthusiasm, and providing a foundation for sound financial investments in our industry. The purchase of one of these donors or packages of embryos can literally change your herd. We invite you to join the list of happy buyers from the Bright Futures sales. We will see you on the worldwide web on Thursday, February 18!

Special Terms and Conditions for Embryo Sales

1. It is the responsibility of the BUYER to pay all shipping costs associated with getting embryos to the location of their choice.
2. The SELLER will be responsible for transferring ownership to the buyer.
3. Should a buyer want embryos exported, please contact the seller directly, prior to the sale to determine exactly which countries the embryos are eligible for export to. All testing, health charts, charting and shipping fees will be the responsibility of the buyer.
4. No embryos will be shipped, or released from any facility until complete settlement has been made with sale managers.
5. Emails and contact phone numbers of each consignor have been supplied on each lot of buyers to contact sellers regarding shipping and handling.
6. All announcements sale day will take precedence over printed material.
7. Buyer assumes all risk and reward.

IVF SESSION

Buyer is purchasing rights to control the next IVF session(s). Buyer is guaranteed IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos or at time of freezing if freezing is requested by buyer.

Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspiration and mating sire decisions.

- Missy averages 9.7 embryos/IVF session.
- Last two sessions averaged 13 transferable.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) **Breeding Warranty**
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
 - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
